PROFESSIONAL SUMMARY

B.Tech student in Artificial Intelligence & Machine Learning with hands-on experience in React.js development, responsive UI implementation, manual testing, and startup collaboration. Skilled in building user-focused web interfaces and working with modern frontend tools. Seeking a Frontend Developer or Software Engineering Internship to contribute to real-world products and strengthen software development skills.

TECHNICAL SKILLS

Programming Languages: C, Java, Python, JavaScript
Frontend: HTML5, CSS3, React.js, Tailwind CSS
AI & AI-Assisted Tools: Claude, Gemini API, Prompt Engineering
Developer Tools: Git, GitHub, VS Code, Vercel, Axios
Core Concepts: Data Structures & Algorithms, OOP, REST APIs, Responsive Web Design, Manual Testing, Debugging

EXPERIENCE

Frontend Developer Intern | *My Health Journey Private Limited*
- Developed responsive user interfaces using React.js.
- Performed manual testing, identified issues, and documented bugs.
- Collaborated with team members to improve product quality.

Public Relations & Event Management | *Data Science Club, Haldia Institute of Technology*
- Supported social media promotion and communication with students and event participants.
- Assisted with event planning, coordination, and team communication.

PROJECTS

Task Management Dashboard | *React.js, JavaScript, Tailwind CSS, Axios*
- Built a responsive dashboard integrating the DummyJSON REST API to fetch and manage 150 tasks.
- Implemented CRUD operations, debounced search, filtering, sorting, pagination, and dark mode.

Personal Portfolio Website | *React.js, JavaScript, CSS3, Vite*
- Developed a responsive portfolio showcasing technical skills, projects, education, and professional background.
- Created reusable React components with interactive navigation, animations, and a modern UI.

AI-Based Landslide Risk Predictor | *Python, Streamlit, Scikit-learn, Pandas, Folium, Open-Meteo API*
- Developed an AI/ML application to assess landslide risk using location-based weather and terrain data.
- Integrated GPS location, interactive maps, live weather, elevation analysis, and a Random Forest prediction model.

EDUCATION

Degree	Institute / Board	Year	Result
B.Tech (AIML)	Haldia Institute of Technology	2025–2029	CGPA: 8.0
Intermediate	JAC	2024	75%
Matriculation	JAC	2022	90%

ACHIEVEMENTS

- Maintained an academic CGPA of 8.0 in B.Tech (Artificial Intelligence & Machine Learning).
- Developed and deployed React.js projects, including a Task Management Dashboard and Personal Portfolio Website.
- Gained practical experience in frontend development and manual testing through startup internship.
